Grow your business with the Manufacture and Build to Recover Program

What is the Manufacture and Build to Recover Program (MBRP)?

The “Manufacture and Build to Recover Program” (MBRP) was developed by the Government of Rwanda to boost economic recovery efforts with specific incentives for the manufacturing, agro-processing, construction and real estate development sectors.

How does the program support these sectors?

The goal of the program is to reduce set-up costs & operational costs for both new & existing companies. Key benefits are :-

New & existing companies

- Import duty exemption for imported construction materials not available in the EAC (subject to approval).
- VAT exemption for imported construction materials not available in the EAC.
- VAT exemption for machinery & raw materials sourced domestically.
- VAT exemption for construction materials sourced domestically.

Required documents for application

- Application letter addressed to the CEO of RDB
- Incorporation certificate
- Business plan
- Investment registration certificate
