

PUBLIC NOTICE

Deadline extension for filing annual returns and accounts by companies

The Rwanda Development Board (RDB), through the Office of the Registrar General, wishes to remind all companies of their obligation to file annual returns and annual accounts in accordance with Law No. 007/2021 of 05/02/2021 Governing Companies, as amended to date ("**the Law**").

The statutory deadline for filing annual returns and annual accounts, which was originally set for **31st July 2026**, has been extended to **30th September 2026**. This extension has been granted in response to requests from companies that were unable to meet the initial deadline.

The Registrar General therefore encourages all affected companies to take advantage of this extension and submit their annual returns and annual accounts well before the revised deadline to ensure timely compliance and avoid last minute challenges.

Annual returns and annual accounts must be filed electronically through the online portal available at <https://urs.rdb.rw/auth/login>.

Companies that fail to comply with the filing requirements by the extended deadline will be subject to the applicable penalties prescribed by the Law.

For technical assistance or any enquiries relating to the filing process, please contact the Office of the Registrar General at compliance.registrar@rdb.rw.
